The Head Start Impact Study (HSIS) uses many instruments to collect data. This document provides a complete list of the HSIS instruments indexed in the *Research Connections'* database. Every instrument is hyperlinked to its corresponding record and "X"s designate which wave they were used in. Other alpha characters represent the instruments' availability: OS = obtainable through the original source; RC = obtainable through *Research Connections*. While all instruments are listed, those instruments that are copyrighted are not available. To access a particular instrument, click on the appropriate link.
