Old poll question, beginning Fall 2019:

- What agreements would be helpful in establishing an environment in which we can critically reflect in our classroom?

New poll questions, beginning Fall 2022:

- What values do you want to bring into our learning community? then
 - What actions can we take to embody these values?
-

Themes expressed across community agreements

Word clouds created from the responses to the poll “What values do you want to bring into our learning community?” In addition to the creation of a community agreement, the class also gets to see a slide collecting their stated values.
